This ebook will be worth acquiring. It is actually writter in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book. (Trystan Yundt)

FACILITATING ACTION LEARNING: A PRACTITIONERS GUIDE

Open University Press. Paperback. Book Condition: New. Paperback. 216 pages. Dimensions: 9.0in. x 5.5in. x 0.6in.Action Learning is based on the simple idea that leaders and managers learn best by working together in a group, helping each other find solutions to real work problems through discussions. Facilitating Action Learning is a clear, concise and straightforward guide to this well-established leadership and management development technique. The role of the facilitator is to provide guidance in the action facilitation process. In this practical guide, Mike Pedler and Christine Abbott present a new threefold model of the facilitators role - as initiator, set adviser and facilitator of organizational learning. Supported by many real life cases and practical examples, this superbly practical book shows you how - as a manager, business coach, trainer or facilitator - you can add to your repertoire of skills and abilities, and enhance your effectiveness as a leader and developer. Suitable as the course text for ILM Level 5 and 7 qualifications in Action Learning Facilitation. Christine Abbott and Mike Pedler are to be congratulated for their exceptional and comprehensive guide to Action Learning facilitation. It will be of great help to those just starting out with Action Learning as well as to those who are seasoned practitioners. I am also certain that the pioneer of Action Learning, the late Reg Revans, would have been pleased to see his principles and practices, and those of his closest collaborators, so clearly conceptualized and articulated. A must read book providing a very practical method and approach for all those interested and passionate about helping people help themselves, and in optimizing Action Learning.
