The Great Network is a place of drones and androids, Hive Monks and Station Angels. The place of the thousand gates, where sentient trains criss-cross the galaxy in a heartbeat. It is also a place of great dangers - especially for someone who rides the rails and rides his luck the way Zen Starling does. Once Zen was just a petty thief, stealing to support his family and living by his wits. Now everything has changed. Zen is still a thief - but it could be that the key to the whole universe rests on finding out what else he is .This is an epic story with huge scope and film rights have already been bought by Warner Brothers.
