*The publication is straightforward in study better to fully grasp. It is definitely simplistic but excitement inside the 50 percent of your publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## WORK PLAN FISCAL YEAR 2015 (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This edition of the Work Plan, effective as of October 2014, describes OIG audits, evaluations, and certain legal and investigative initiatives that are ongoing. The word new after a project title indicates that the project did not appear in the previous Work Plan. For each project, we include the subject, primary objective, and criteria related to the topic. At the end of each description, we provide the internal identification code for the review (if a number has been assigned) and the year in which we expect one or more reports to be issued as a result of the review. In FY 2015 and beyond, we will continue to focus on emerging payment, eligibility, management, and IT systems security vulnerabilities in health care reform programs, such as the health insurance marketplaces. OIG plans to add to its portfolio of work on care quality and access in Medicare and Medicaid, as well as on public health and human services programs. OIG's examination of the appropriateness of Medicare and Medicaid payments will continue, with possible additional work on the efficiency and effectiveness of payment policies and practices in inpatient and outpatient settings, for prescription drugs, and in managed care. Other areas under consideration for new work include, for example, the integrity of the food, drug, and medical device supply chains; the security of electronic data; the use and exchange of health information...
