No, slower is better and more effective in the short, medium and long terms. We delved into the minds of highly strategic people to understand what sets them apart from the rest of us. The lessons we learned can be applied in all aspects of life, from business and career planning to politics, social activism, nonprofit planning and relationship counseling. Through burning questions, the book gives extensive advice on how to use the discussion guide, how to inform decisions related to the topics at hand, and how to best read it - alone, in reading groups, with your partner, or as part of learning activities, among others. After reading this book, you will know how to: Identify the key traits that make some people highly effective; Apply those traits to your life, career and relationship; and Use patience as a potent tool in life, business or political negotiation, business planning, and career planning.
