Reviews

*Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

aPress, United States, 2014. Paperback. Book Condition: New. 2013 ed.. 234 x 188 mm. Language: English . Brand New Book. LightSwitch 2012 is included as part of the Visual Studio 2012 package. It is a rapid application deployment tool that lets power users and administrators build data-centric business applications for the desktop, cloud, and Web in just a few clicks, with no code required. The basics are very easily understood but more advanced users will hunger for more: how do you design complex layouts? How do you query data using LINQ and other syntax structures? How do you secure your application against malicious use? Visual Studio LightSwitch 2012 answers these questions and more as author Tim Leung--winner of a Microsoft 2011 Community Contributor Award for his LightSwitch expertise--covers this breakthrough product in detail. For serious developers building, enhancing and deploying advanced business applications using LightSwitch makes sense because they can benefit from the elegance, convenience and cost savings afforded by rapid application development before going beyond the click-and-you re-done interface to include the extra value and depth of coding expertise that their clients value. What you ll learnWith Visual Studio LightSwitch 2012, learn how to: *

- * Add visibility through with Relationships and Details screens
- * Use customized queries, sorts and filters, and reporting
- * Customize displays via user controls
- * Use multiple line-of-business data sources to aggregate reports
- * Handle events in code and debug applications
- * Master the intricacies of complex user interface design
- * Secure your applications through authentication
- * Write custom code to enhance LightSwitch
